

Competencies for Food Graduate Careers

Factory Based Technologist

3rd Edition
April 2024

Classic graduate entry factory-based routine roles. Could be microbiologically centred. May require working in 'shift' patterns. Emphasis that are usually based in a single factory and do not include large amounts of cross-site or off-site work. Some advertised roles may be not graduate entry (so don't require a suitable degree qualification). Explore requirements & detail of each advertisement to find what suits you.

Typical Role Names

Food Safety Auditor | Technical Auditor | Quality Auditor |
Other graduate roles with 'hygiene', 'intake', 'food safety' in title

Check Out Our Case Studies
